Conservation Landscape Grant Opportunity Announced

LONG BEACH, CA – The Long Beach Water Department is now accepting applications for Beautiful Long Beach Landscape Grants. Grant awards of up to \$5,000 will be made to local non-profit and public agencies who landscape their facilities with [California-Friendly plants](#). Applications for Beautiful Long Beach Landscape Grants are due **Friday, September 28, 2007**.

Over \$64,000 has been awarded to area non-profit and public agencies that have helped the Long Beach Water Department inspire Long Beach residents to remove some or all of their grass lawns in favor of beautiful, low-water using flora, which in many cases can be native to California. Beautiful Long Beach Landscape Grants are a great way to improve the look of facilities and homes in our neighborhoods.

Community groups that would like to create gardens in parks, at schools, libraries or other public spaces may apply in partnership with the governmental agency that owns the property. Neighborhood and community groups may also partner with non-profit organizations to work together on garden spaces at non-profit facilities.

To get more information and to download a grant application, click [HERE](#), or call (562) 570-2315 or email matt_lyons@lbwater.org.

The Long Beach Water Department is an urban, southern California, retail water supply agency, and the standard in water conservation and environmental stewardship. Find out more, visit us at www.lbwater.org.
